

Dear Students and Parents in grade 7,

In an effort to avoid the summer slide and boost comprehension, vocabulary and fluency, incoming seventh grade students will have a summer reading assignment for Reading class.

Upon returning to school, students will be held accountable for the reading in a few ways, including a project, test and writing assignment.

Over the summer, incoming seventh graders will be required to read *The Maze Runner* by James Dashner. This book will not be provided, but can be found at most libraries. Students are also encouraged to get a library card over the summer and can receive extra credit for a personal, working library card. Information about how to get a library card will be provided on the Classroom page.

If you have any questions over the summer, please do not hesitate to email Mrs. Leach at hleach@stthereseschoolmunhall.org or sign up for the summer reading class on Mrs. Leach's Google Classroom. The code for this temporary Classroom is: bpzuskn.

Thank you for your continued support and commitment to your child's education. According to the American Library Association, summer reading programs help students to keep up their skills and also generate interest in reading, as well as lifelong learning.

Wishing you a safe and happy summer!

God Bless,
Mrs. Hallie Leach
